

Empower
drivers across
your fleet

Improve
compliance &
accountability

Tackle
tasks in rough
environments

Access
Zonar and third-
party apps

Expand your fleet's capabilities

Meet the tablet that keeps up.

You count on your drivers. They count on their tablets. Give them one that won't quit—wherever the job takes them.

It's sleek, rugged, and ready for anything. Meet the MioWORK F840—made to perform, day after day.

Equip your drivers with the tools that keep them moving. Simplify every shift and strengthen safety and compliance—all from a tablet engineered for real-world work.

Perfect for passenger transportation, field and jobsite duty, everyday logistics, and essential fleet management.

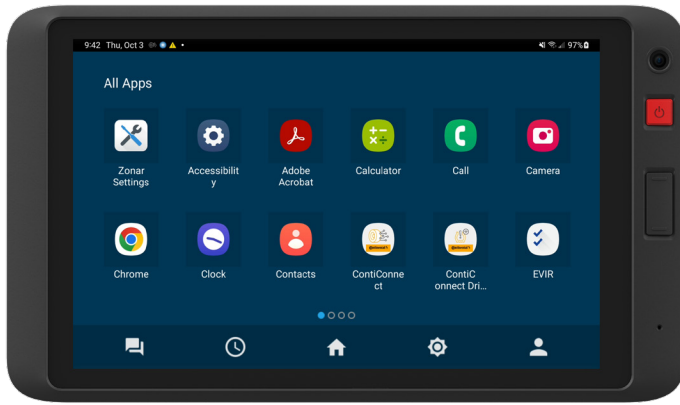

Load up with must-have mobile tools.

A tablet's only as smart as what it runs. Pair MioWORK with Zonar solutions to simplify daily tasks and keep your fleet moving.

- Driver workflow with TMS integration, dynamic forms and document scanning
- Electronic Verified Inspection Reporting (EVIR®)
- Hours-of-Service ELD
- Commercial turn-by-turn navigation
- Safe driver coaching
- Digital timeclock

Change it up when you need.

Outfit drivers with the tools they need today. And keep customizing as you see fit.

MioWORK tablets give drivers secure access to Google Play-certified apps, all verified for compatibility with Zonar solutions.

More mobile tools to avoid the cost and physical hassle of adding more devices.

Keep up the good work, in gloves.

MioWORK is built for real conditions. With enhanced touch sensitivity, drivers can operate the touchscreen easily. No need to take the gloves off.

- Humidity 0-95% non-condensing
- Operating temperature -4°F to +140°F
- Storage temperature -22°F to +158°F

Tough enough for everyday field work, you can drop it from a height of almost 5 feet, and it'll absorb the shock.

Manage fleet tablets with ease.

Zonar Mobile Shield™, which comes pre-loaded on each MioWORK tablet, prevents users from downloading additional, unauthorized apps. No movies, programs, games or media.

- Configure each tablet with the same features, security and capabilities.
- Protect against additional driver distractions, especially while driving.
- Prevent additional, unauthorized downloads apps, programs and games.

Mobile Shield's lockdown feature and enterprise-grade security fits any size implementation, regardless of how many—or how few—tablets you deploy.

Updates are pushed over the air with minimal downtime, keeping the tablet's system current automatically.

Work like a pro, without squinting.

Drivers rely on their MioWORK every day for clear visibility, easy navigation and a smooth experience indoors or out.

- 8" display
- 1280 x 800 resolution
- High brightness display
- Optical bonding
- Anti-glare coating

The tablet's sleek, modern design also looks cool. And who wouldn't like that?

Make the most of its juice.

MioWORK's Smart Power Mode draws power directly from the Zonar V4™ TCU and cradle—using less battery for a full day's work and aging more slowly.

If only that kind of magic came in a jar for the rest of us.

Key features

- Zonar and Google Play certified
- Smart Power Mode
- Android OS
- IP54 dust- & water- resistant
- Up to 5.91' drop resistance
